MOURATOGLOU
INTERNATIONAL SCHOOL

“We all have the absolute wish for our children to be best prepared for the future. That’s why, at Mouratoglou International School, we offer them a unique educational system in Europe, complementing that of their parents, and provide them with all the necessary tools to best navigate life after their studies. Since 1996, we have established a tailored school system with flexible schedules, which has proven its effectiveness by producing remarkable results over the years. Thanks to small class sizes led by passionate teachers, personalized attention for each student, and an ideal environment,

our students not only learn multiple languages but also benefit from the cultural diversity of the 45 nationalities represented. We do everything we can to provide them with a conducive environment for success, unique in Europe. For over 20 years, our priority and responsibility have been to help students realize their full potential and achieve their goals. Every year, at the end of their studies, it is with pride and emotion that I witness their growth and flourishing.”

PATRICK MOURATOGLOU
Founder of Mouratoglou International School

WHO IS PATRICK MOURATOGLOU?

For over 25 years, Patrick Mouratoglou has represented excellence in the world of tennis. Currently the coach of Naomi Osaka, a four-time Grand Slam champion, and former mentor to Serena Williams, he played a significant role in one of the most legendary partnerships in tennis history, leading to 10 major titles together. He has also been instrumental in the rise of young prodigies like Stefanos Tsitsipas, Coco Gauff, and Holger Rune, solidifying his reputation as a champion-maker.

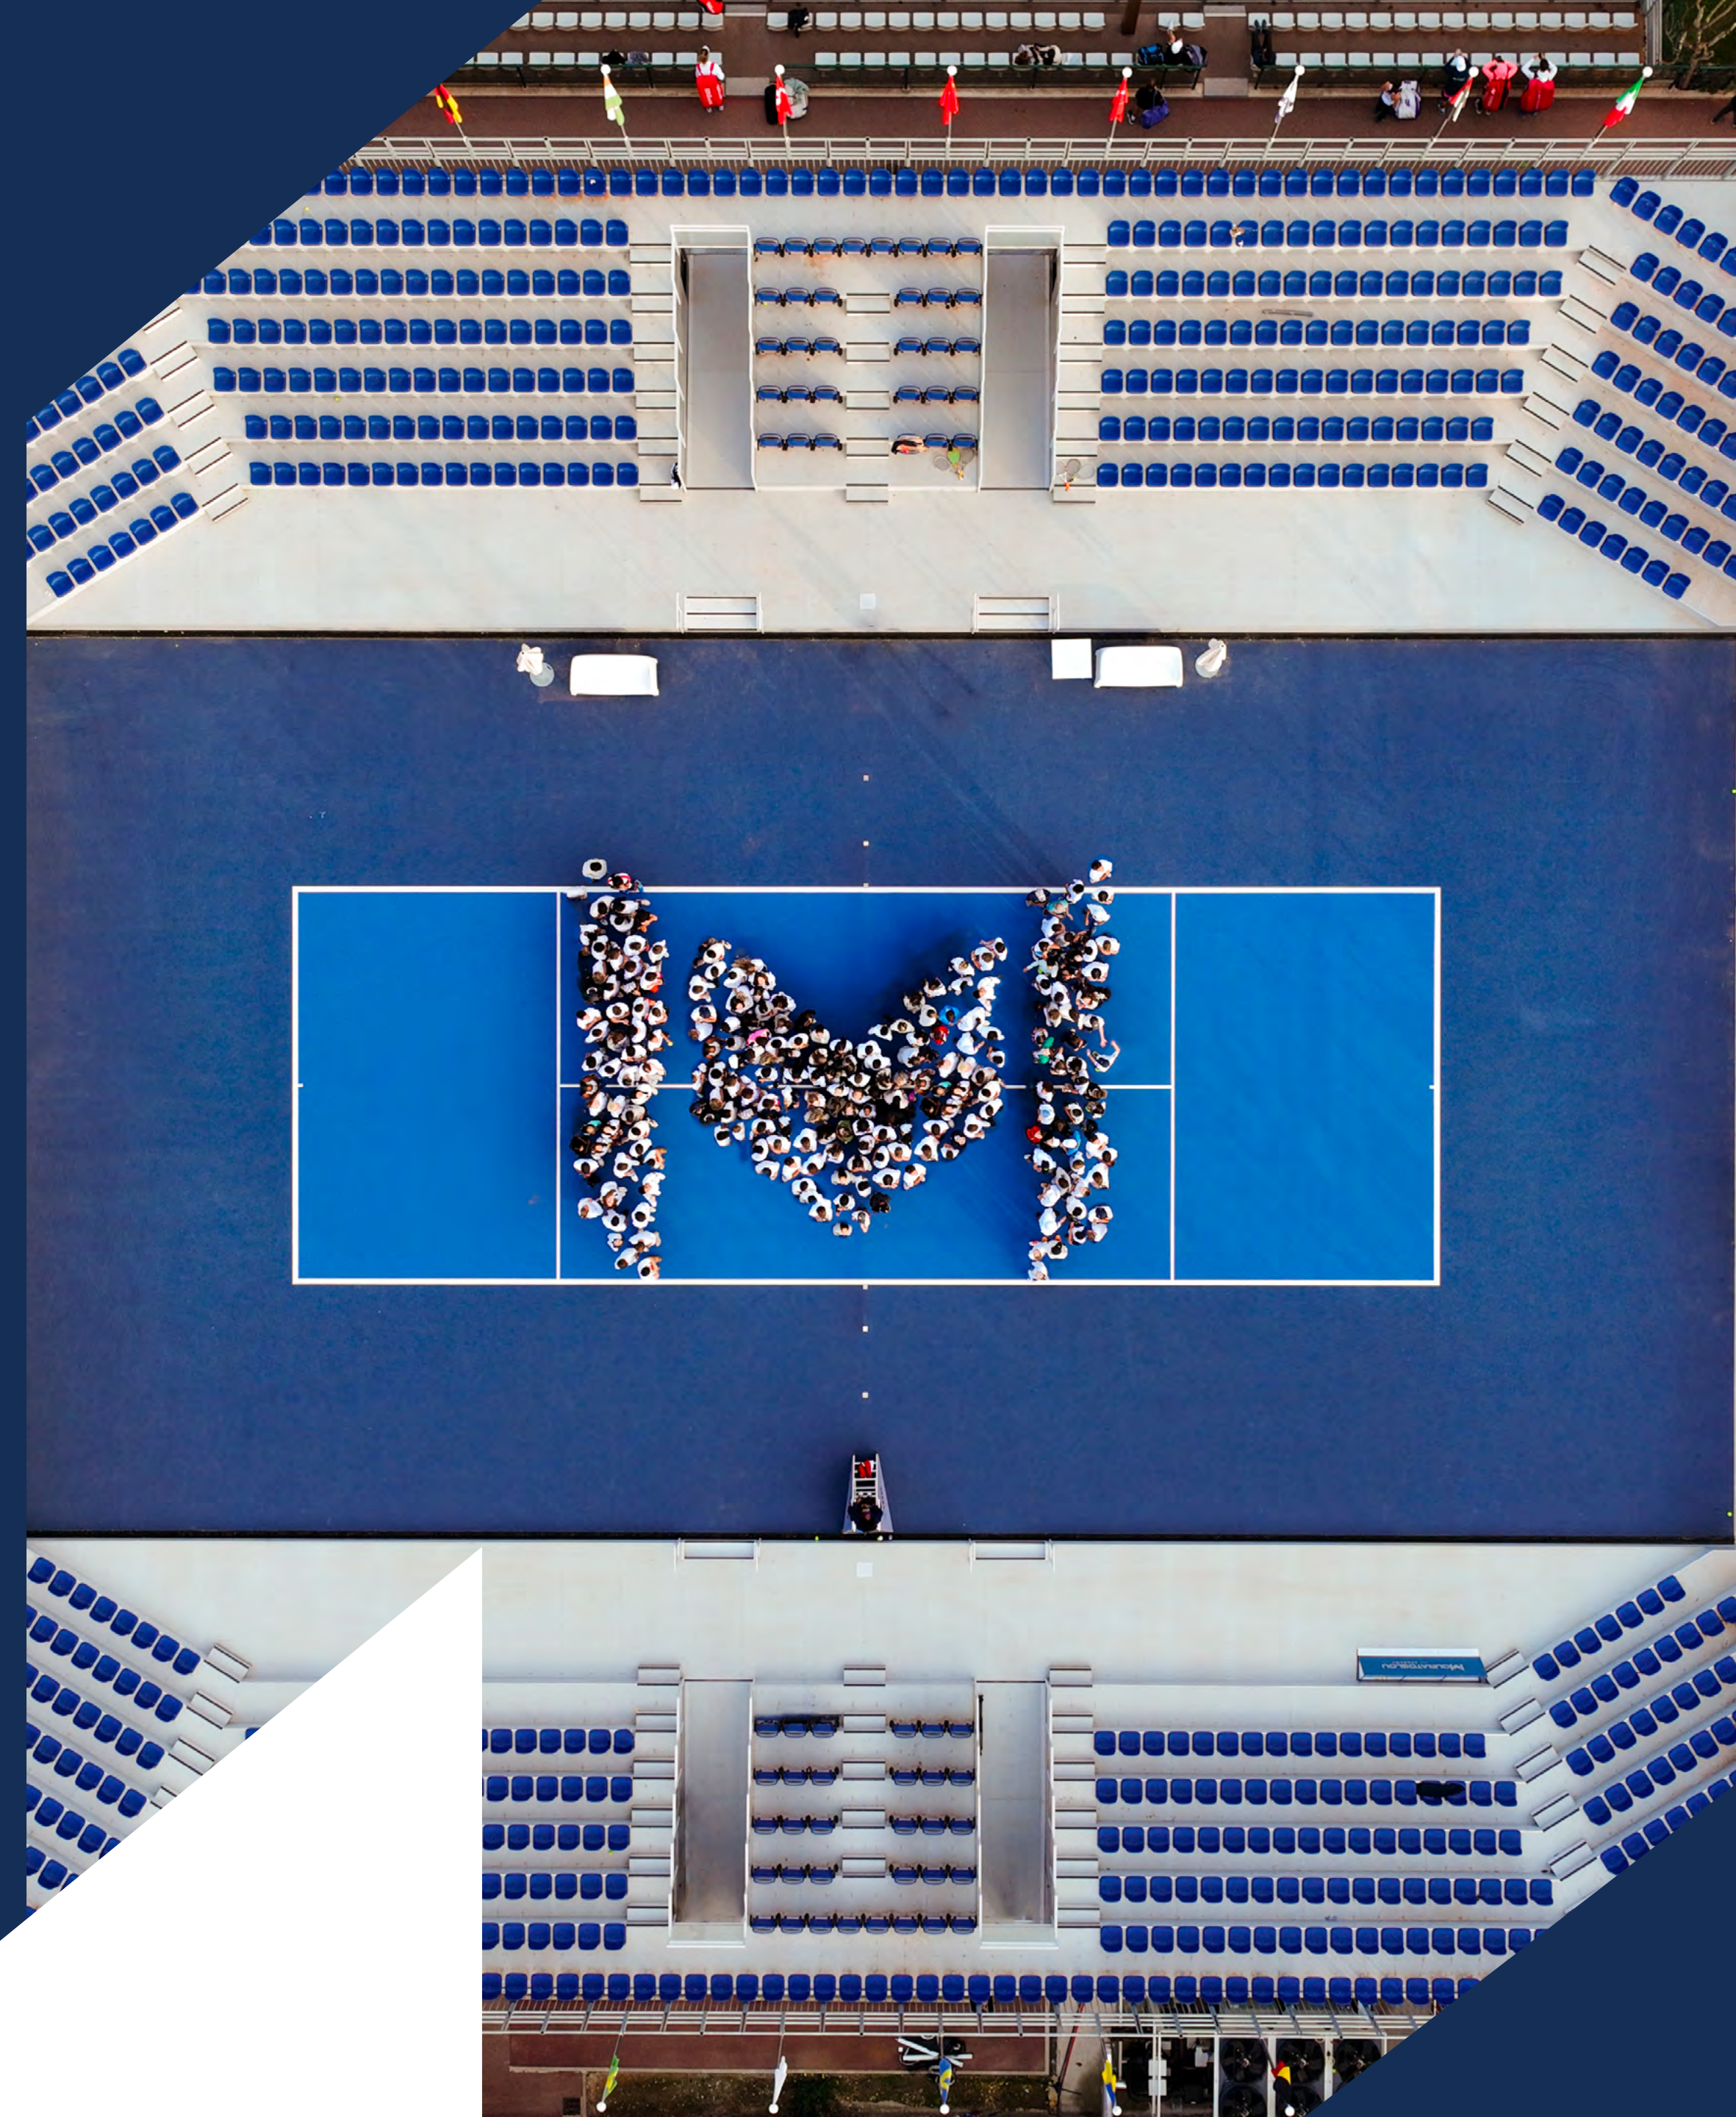

His methodology is based on a tailored approach that combines a demand for results with individualized training, maximizing each player’s strengths while developing their weaknesses. This unique method enables every athlete to unlock their full potential.

Located on the French Riviera, the Mouratoglou Academy is a world-renowned training center. With state-of-the-art facilities and international-class coaching, it welcomes players of all levels in an environment conducive to excellence, guiding them towards athletic success.

WHO ARE WE?

OUR VALUES

At the Mouratoglou International School, we have chosen a personalized approach focused on the student's development to help them achieve excellence. Located at the heart of the No. 1 tennis academy in Europe, the school follows the same principles in its educational vision. Teaching is grounded in the pillars of sports and high performance, such as hard work, discipline, and determination.

OUR MISSION

THE PILLARS OF OUR MISSION

Our school allows every student to develop in a safe environment, tailored to their needs.

Every student receives the necessary resources to live and grow their passions, make their dreams of excellence come true, and surpass themselves.

HIGH-QUALITY LEARNING

Within the MIS community, we personalize our approach and ensure a balance between sports and academics. Our students face challenges with determination and enthusiasm, develop their potential, flourish, and become the best version of themselves. We value respect, kindness, and effort while celebrating our students' passion and success. We impart knowledge and skills and provide them with the necessary tools to become engaged global citizens capable of successfully carrying out their projects.

GLOBAL CITIZEN

MIS understands global citizens to be respectful and empathetic individuals who contribute to the worldwide community. We aim to raise students' awareness of their rights and responsibilities as global citizens. Through a multicultural environment that values every person's uniqueness, students share experiences and points of view. Their differences enrich their learning experience and allow them to become effective communicators who will advocate and serve the global community.

DIGITAL CITIZEN

Digital citizenship is the ability to use technology responsibly, safely, & respectfully. We recognize the major role of technology in today's world: research, communication, and creative projects. However, we are all aware of the dangers of its excessive use. Therefore, MIS works with students on how to responsibly use digital tools and safely navigate digital environments to become tomorrow's digital literates and critical thinkers.

ONLINE TOOLS

Our students have access to several educational websites to reinforce the skills taught in class. If necessary, we allow students to attend classes remotely via video conference. To facilitate communication with parents and to track attendance and grades, we use an online school management application.

“Mouratoglou International School is much more than a school. It is a true cosmopolitan family. Teachers, students, and parents work together to develop each student’s potential and achieve their academic goals, with respect and collaboration.”

STÉPHANIE ANFOSSO

Director of the french section

ALEXIS DELISLE 2020
CALIFORNIA POLYTECHNIC STATE

“ My five years at the Mouratoglou International School helped me grow in the best possible environment. Certainly, there were challenging times, but the support from the entire teaching staff, who truly want us to succeed, helped me overcome every obstacle. The mutual support among classmates and students from higher grades also contributed greatly to my development. These classmates became my friends, and the friendships that began during my school years will always remain. ”

ESTELLE DUDLE 2021
ÉCOLE HÔTELIÈRE DE LAUSANNE (EHL)

“ At the Mouratoglou International School, we are a team. The teachers always help us move forward and bring out the best in ourselves. I feel fortunate to be part of this vibrant and multicultural family where performance, discipline, and friendship come together. I will cherish the wonderful memories of my high school years for life. ”

MAXENCE LAVERGNE 2022
SCIENCES PO RENNES - SHN

“ For five years, the Mouratoglou International School has given me the keys to my personal growth. My teachers and coaches provided me with the attention and support I needed. I have learned to know myself and to open up to the world. Our educators know how to recognize the potential of each student and encourage us to dream big. For me, the Academy is primarily about encounters, followed by discoveries, and finally, memories to cherish. ”

ANNA KOH 2024
NYU

“ I attended the Mouratoglou International School from 2020 to 2024. I’m lucky to have spent all four years of high school in the beautiful Cote D’Azur and have seen the school and academy grow alongside me. The Mouratoglou International School’s well-rounded academic foundation catered to my needs as a student and prepared me well for college in the United States. Juggling both a sport and academia teaches you to be resilient and cultivates a sense of maturity in you, especially at a young age. I have had the privilege of playing tennis alongside my studies in an environment where I have felt included and cared for - whether it was injuries, concerns in the classroom or on the court. Faculty, teachers, coaches, and physiotherapists, they were always on standby if I needed them. They were my second family: I see the academy as a second home, a place that has watched me grow into the person I am today, a place that I know will always welcome me with open arms, and a place that I always talk about. I have built numerous valuable relationships in the academy over my years there and it is an experience I hold dear in my heart. ”

LUKAS RAIS 2023
BOSTON COLLEGE

“ Living at Mouratoglou Academy taught me discipline, time management, and independence, skills that made my transition to college life much smoother. The academy prepared me to balance academics, athletics, and living away from home, which is similar to college life. These experiences helped me quickly find my rhythm at Boston College, adapt to the new environment, and feel comfortable within the larger community. The foundation I built at The Mouratoglou International School allowed me to confidently manage my responsibilities, balancing studies, athletics, and social life with ease. ”

ARTHUR O’SULLIVAN 2022
GEORGETOWN UNIVERSITY

“ The Mouratoglou International School has been a particularly impactful experience for me. I have not only gained a wealth of knowledge and skills but also grown personally. MIS has given me the opportunity to meet people from all walks of life and learn from them, as well as to understand the importance of teamwork, perseverance, and critical thinking. I am truly grateful for the education I received there and for the positive impact it has had on my life. ”

SUMMER SCHOOL

A UNIQUE SUMMER PROGRAM FOR THE INTERNATIONAL SECTION

During the summer, we offer our students the opportunity to continue their studies. Whether you wish to reinforce your child's knowledge in core subjects or help them recover credits, we are here to meet your needs.

“The Mouratoglou International School family works together and is built on values of respect and integrity. The teachers support our students in their pursuit of excellence and enable them to achieve their best. Their success is our greatest accomplishment.”

ANA CROVETTO

Director of the american section

FACULTY

ANFOSSO Stéphanie
French School Director

Originally from the south of France, Stéphanie pursued her university studies in the United States, where she also began her professional career. A graduate in Business from Virginia Tech and Purdue University, her international background has prepared her to work in a multicultural educational environment. Since 2013 at the Mouratoglou Academy, she takes pride in the programs that enable students to succeed both academically and personally.

HUS Florian
Assistant Campus Director

Growing up in Senegal, Florian had the opportunity to attend a school with over 40 nationalities and follow a sports-study program. The blend of cultures and learning to live together are aspects he is pleased to find again at the Mouratoglou boarding house. After gaining professional experience in the retail sector, where he developed organizational and adaptability skills, he felt the desire to move closer to the educational field. Working with children is stimulating for him: it's a pleasure to watch them grow and to create a personalized support system and a safe environment that helps them pursue their goals every day.

TESTARD Stéphanie
Campus Director

A graduate in journalism and sports management, Stéphanie has over 10 years of experience within the Academy. She dedicates her skills to the daily management of the teaching staff and students to build a school focused on excellence and humanity. Mouratoglou International School aims to develop wellrounded and responsible individuals, ready to become the citizens of tomorrow.

CROVETTO Ana
American School Director

Since childhood, Ana knew she wanted to teach, which led her to earn several degrees, including a Bachelor's in Bilingual Education from Arizona State University, followed by a Master's from Florida International University and another from Argosy University. In 2013, she joined the Mouratoglou International School as an English teacher before becoming the director. Her current role is to guide students and teachers toward educational excellence.

MACIOCI Nicolas
Boarding House Administrative Manager

Holder of a Master's degree in Sports Management, Nicolas has developed strong organizational and interpersonal skills throughout his professional journey. His time in England, as part of the Erasmus program, gave him an open-minded perspective on a new culture, language, and different teaching methods. He joined the Mouratoglou Academy over eight years ago and is proud to contribute to the development of the boarding school, both administratively and on a human level. Interacting with children and parents is particularly fulfilling, especially in an environment with such a rich mix of cultures and nationalities, where mutual respect is a core value championed by Patrick Mouratoglou.

MONCLIN Sébastien
Deputy Director of Campus
Boarding House Manager

Holder of a Master's degree in Education and a qualification in Management, Sébastien began his career in the student life department of a middle school as an educational assistant, later becoming a principal advisor for several years. Eager to continue in the educational field, he has held leadership positions for the past nine years in both a middle school and an international private high school. Passionate about sports, particularly tennis, he recently joined the Mouratoglou Tennis Academy to apply his skills to the boarding school. The world of children blends reality and dreams, and one of their goals is to make those dreams possible for each student, combining discipline and fulfillment in a nurturing environment.

GILLET Aurélie
School Coordinator / Administrative Manager

After completing a multidisciplinary university program in foreign languages, Aurélie lived in England for 13 years, where she experienced various educational systems. She then joined the Mouratoglou International School, a multicultural school focused on communication. Her role involves daily interactions with children and informing families while addressing their needs and expectations.

MENETTRIER Coralie
American Section Assistant

Coralie began her journey at the Mouratoglou Academy in the boarding house three years ago, before joining the International School's American section six months later. She is passionate about dancing and hiking. Her role at the Mouratoglou International School is to assist the school principal of the American section, as well as support the teachers and students. People describe her as a positive, attentive, understanding, kind, and helpful person.

ROELAND Brigitte
Student Life Manager

Originally from New York, Brigitte has been living in France for over 30 years. With many years of experience in education, she is delighted to have joined the Mouratoglou International School to bring her expertise, enriched by her Franco-American background. Positive and optimistic by nature, she particularly enjoys interacting with children. Listening to them and helping them is a true passion for her. Her priority is to serve the collective by ensuring their physical safety and psychological wellbeing, while fostering joy in a stimulating environment.

THREHOUT Christine
American & French Sections
3ème Homeroom Teacher

Christine pursued her studies in literature in Nice and Paris, culminating in a thesis on the use of technology for learning French. After several years of teaching in middle and high schools, she shifted her focus to teaching French as a foreign language. Since 2016, she has been teaching at the Mouratoglou International School, where she is responsible for French language learning for both French and international students.

VAN OBBERGEN Karine
American & French Sections
1ère Homeroom Teacher

Originally from the French Riviera and holding a Master's degree in Education, Teaching, and Training, Karine joined the Mouratoglou International School a few years ago. As a teacher, she strives to create a trusting classroom environment, encouraging her students to thrive and develop their potential while benefiting from a culturally rich and stimulating atmosphere.

AGU-GIACCHERO Anne
American Section
Head of Language Department

Born and raised on the French Riviera with Italian heritage, Anne pursued a passion for learning at the University of Nice, where she earned degrees in English Literature and French as a Foreign Language. With extensive teaching experience across Canada, the UK, Thailand, and France, she now serve as Head of the Language Department at the Mouratoglou International School, dedicated to fostering student wellbeing and developing global communicators.

DE MICHELI Claudia
American Section
Head of Sciences Department

Born in West Germany and educated in both Germany and Colorado, Claudia pursued mechanical engineering across Germany, Spain, and France, earning a doctorate in nanomaterials for energy devices. After years of research, she discovered a passion for teaching and, since 2015, has been inspiring curiosity in science at the Mouratoglou International School, making complex scientific concepts engaging and enjoyable for students.

HARRIS Fiona
American Section
Head of English Department

A passionate wordsmith, linguist, and lover of fine art and music, Fiona seeks to inspire a love of literature in her students through engaging discussions and creative projects. With a diverse background that includes teaching since 1992 and significant experience in finance and fine art, she joined the Mouratoglou Academy in 2017, where she currently serves as Head of the English Department, leading a dedicated team committed to fostering a passion for learning.

MAYERBERGER Sabrina
American Section
Head of Mathematics Department

With a Bachelor's from Florida Tech, a Master's and a PhD from UCLA, Sabrina has extensive teaching experience across various educational settings, from middle school to college. Since joining the Mouratoglou International School, she evolved from math teacher to Head of the Math Department, working closely with students and colleagues to foster a supportive and high-performance learning environment.

POZNANSKI Oliver
American Section
Head of Social Sciences Department

Currently in his sixth year at the Mouratoglou International School, Oliver is dedicated to fostering a vibrant classroom dynamic with his diverse students and collaborating with expert colleagues. Having studied politics, economics, history, and geopolitics, he transitioned from teaching the IB curriculum to the American program, taking pride in the school's achievements, particularly in expanding the AP program.

KERZAZI Ralida
French Section
2nde A & Terminale Homeroom Teacher

Ralida, a history, geography, and political science teacher with 20 years of experience, has been teaching at the Mouratoglou International School since 2016. Passionate about education, she encourages her students to develop critical thinking skills and understand the contemporary world. A vegetarian for 35 years, she is also an avid nature lover, traveler, and sports enthusiast.

LOZIC Catherine
French Section
6ème, 5ème, 4ème Homeroom teacher

Catherine, a passionate teacher at Mouratoglou International School, has 36 years of experience in teaching science, technology, and physics. Versatile, she has also taught music (solfège and piano), reflecting her love for education in all its forms. Her approach combines scientific rigor and creativity, inspiring her students from grade 6 to high school.

RESSE Samuel
French Section
2nde B Homeroom teacher

Samuel Resse, originally from Nice, first worked at the economic observatory of the Chamber of Commerce before turning to teaching. Passionate about sharing knowledge, he chose to become a Mathematics teacher, following in his father's footsteps. For the past five years, he has been teaching at the Mouratoglou International School, where he thrives by helping students overcome their challenges and succeed.

CATILLON Alexis
Tennis and School Program Manager

Alexis began his career by combining a degree in Sports Science and Physical Education (STAPS) with a State Diploma as a tennis coach, before heading to the United States to pursue a Master's in Business Administration while playing collegiate tennis. After working at several renowned academies in the U.S. and Spain, he joined the Mouratoglou Academy as a coach from 2017 to 2018, and since 2018, he has been leading the Tennis & School program.

FRACASSI FANNY
University Placement Director

Graduating with an MBA from the University of South Florida (USF) thanks to a full scholarship for her achievements on the women's tennis team, Fanny also holds a Bachelor's degree in Management. Her academic journey began with an Associate Degree in Technology (DUT) in Montpellier, but it was tennis that truly shaped her life. A former professional player with a -15 ranking and 1049 WTA, she has led university placement services for over 10 years, guiding future student-athletes in achieving their sports and academic ambitions.

FERRUS MICO Carlos
Tennis and School Program Coordinator

Carlos, Tennis & School Program Coordinator and tennis player for over 20 years, hails from Spain and holds a dual international degree in International Business. With a strong background as a coach, he also speaks four languages—a valuable asset for supporting students in a multicultural environment.

POTET Joanna
Tennis and School Program Coordinator

Joanna, Tennis & School Coordinator, holds a dual Bachelor's degree in Leadership Management and Marketing from the University of Fort Smith, Arkansas. A former collegiate tennis player, she competed on the American circuit for five years until May 2023. With both English and French heritage, she brings a valuable bicultural perspective to her role.

GOULARD Camille
Tennis and School Program Agent

A tennis player since childhood and ranked among the top 10 in France in youth categories, Camille has always been committed to pursuing a career in the world of tennis. After joining the academy in 2023, she strengthened the Tennis & School and University Placement teams. Working in a sports environment like the Academy has always been a professional goal for her.

TENNIS & SCHOOL PROGRAM

The Tennis & School program offers your child a high-level sports and academic curriculum that allows for intensive training, tournaments, and a complete educational experience throughout the year. The goal is to support our student-athletes in their life project centered around sports and education, leading to either a professional circuit or a university and sports pathway through our university placement program.

ITS VALUES

Our Tennis & School program is more than just education; it's the fulfillment of a dream. For over twenty-five years, the Mouratoglou Academy has trained young people to achieve academic and athletic excellence. Whether you aspire to become a professional player or secure a scholarship at an American university, our program helps our student-athletes realize their dreams by placing equal importance on academic and athletic results.

UNIVERSITY PLACEMENT

TO GO AND STUDY IN THE UNITED STATES
IS A UNIQUE EXPERIENCE IN THE LIFE OF A
PLAYER WHO WISHES TO COMBINE HIGH-
LEVEL TENNIS AND UNIVERSITY COURSES

Our University Placement Program allows you to obtain a globally recognized degree while spending up to 4 years abroad - an achievement that will give you a competitive edge in your professional career. College sports hold a significant importance in the United States. The American university system allows students to combine their schedule with an intensive sports program. The varsity athletes represent their university through college tennis.

Every year, more than 50 students from the Mouratoglou Academy benefit from suitable support in their research for an American University. Our placement coordinator advises and guides students in all their administrative procedures, according to their personal goals.

With a network of over 1500 university programs in all divisions, and the most prestigious universities, students are supported to choose the best establishment to pursue and perfect their academic career.

GRADUATION

GRADUATION & AWARD CEREMONY

At the end of each school year, around mid-June, the Mouratoglou International School hosts its annual end-of-year ceremony for both the American and French sections. The focus of this ceremony is to celebrate the students receiving diplomas, but it is also an occasion that brings together students, alumni, parents, teachers, coaches, and the entire Mouratoglou Academy to share a special and emotional moment.
